

Relax Riesling

Who said great wine had to be complicated?

Relax.

A white wine perfectly suited to the American market. No complicated labels to understand. No difficult foreign names to pronounce. No geography quiz.

Fruity, clean, easy to get along with. Sophisticated enough for the toughest critic, priced and packaged for people who'd rather enjoy wine than study it.

Relax. It's the white wine people have been searching for.

Relax Riesling is fermented slightly dry with a wonderful fruity bouquet and intense flavors of apples and peaches with just a hint of citrus. The natural acidity gives this wine a perfect balance that is refreshingly crisp and leaves your mouth watering. A perfect party wine, or can be enjoyed with a variety of foods from seafood and poultry to oriental foods and fresh salads. Serve chilled.
